

Jarosław Kucab

Design Engineer · R&D Engineer

☎ (+48) 503 100 646 ✉ kucabjj@gmail.com 📍 Kraków, Poland 🔗 linkedin.com/in/kucabj/

PROFESSIONAL SUMMARY

Mechanical engineer with 5+ years of experience designing complex industrial and consumer products across Oil & Gas, Smart City, and HVAC sectors. Proficient in multi-body 3D modelling, technical documentation to international standards (API, ASME, ISO, NORSOK), and cross-functional project coordination. Combines strong analytical skills with hands-on prototyping, 3D printing, and AR/visualization capabilities. Fluent in English (C1), experienced in international client-facing roles.

WORK EXPERIENCE

TechnipFMC — Kraków, Poland

Jun 2024 – Present

Design Engineer

- ▶ Design and engineering of subsea and surface equipment for the Oil & Gas industry in compliance with API, ASME, ISO and NORSOK standards.
- ▶ Preparation of comprehensive technical documentation including drawings, specifications and calculation reports.
- ▶ Performed structural and strength calculations to validate design integrity.
- ▶ Authored operational procedures: lifting, transport & handling, assembly, pressure testing, storage and maintenance.
- ▶ Developed AR training models for onboarding new engineering staff.
- ▶ Drove cost optimization initiatives, reducing material and manufacturing expenses on key equipment.
- ▶ Coordinated workflow between suppliers, management and production teams.

Seedia — Kraków, Poland

Apr 2022 – May 2024

Lead R&D Engineer

- ▶ Led end-to-end product development for Smart City solutions (seedia jcharge, seedia future bench), from concept to production-ready design.
- ▶ Implemented engineering changes and improvements to existing product lines (seedia solar stop, seedia city bench).
- ▶ Optimized production costs through design-for-manufacture reviews and supplier negotiations.
- ▶ Coordinated between design, management and manufacturing departments; maintained supplier relations.
- ▶ Created photorealistic product visualizations in Unreal Engine 5 for client presentations and marketing.
- ▶ Produced technical documentation: assembly drawings, parts lists and cost estimates.
- ▶ Built and tested sheet metal and 3D-printed prototypes.

reQnet — Targowisko, Poland

Oct 2019 – Mar 2022

R&D Engineer

- ▶ Designed heat recovery units (recuperators) and EPP/EPS ventilation components.
- ▶ Produced 3D and 2D animations for the company YouTube channel and website.
- ▶ Engineered ventilation accessories, including a fan-assisted filter box.
- ▶ Managed international client communication and provided on-site servicing.
- ▶ Created technical documentation for sheet metal, non-metallic and assembled devices.
- ▶ Designed and assembled 3D-printed prototypes; carried out on-site product inventories.

TECHNICAL SKILLS

CAD / 3D Modelling: SolidWorks, Siemens NX, Solid Edge, Autodesk Inventor, AutoCAD, Fusion 360

CAD Specialisations: Sheet metal, surface modelling, frame structures, DXF flat-pattern operations

Standards & Norms: ISO GPS (PN-EN ISO 1101, ISO 8015), ASME GD&T (Y14.5), API, NORSOK

Visualisation: Unreal Engine 5, SolidWorks Visualize, Adobe Premiere Pro, Adobe After Effects, DaVinci Resolve

Graphics & Design: Adobe Photoshop

PDM / PLM: Siemens Teamcenter

Prototyping: FDM 3D printing, sheet metal fabrication

Other: Technical writing, AR model creation, cost estimation

EDUCATION

Master of Engineering

Mar 2019 – Aug 2020

AGH University of Science and Technology · Production Engineering & Management · Kraków

Bachelor of Engineering

Oct 2014 – Mar 2019

AGH University of Science and Technology · Mechanical Engineering & Machine Design · Kraków

Internship · BWI Poland Technologies, Engineering Dept. · Krosno

May 2017 – Jun 2017

LANGUAGES

Polish: Native **English:** C1 (Professional — reading, writing, speaking) **Italian:** A1 (Basic)

ADDITIONAL

- Driving licence: Category B
- Interests: 3D print, consumer electronics, DIY projects, technology, automotive, sports

I consent to the processing of my personal data for the purposes of the recruitment process in accordance with the Personal Data Protection Act and GDPR (Regulation (EU) 2016/679).
